Ms. Lorraine Gallant  
East Porpoise Bay Neighborhood Association  
P.O. Box 1886  
Sechelt, B.C.  
V0N 3A0

Dear Ms. Gallant:

**RE: Silverback Development**

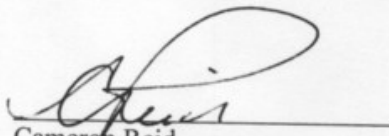

This letter is written in reply to your correspondence of February 22, 2008 about the Silverback Development Agreement. In your letter you expressed concern that your organization will not be given opportunity to comment on the Development Agreement – Servicing Agreement for this development. I would explain these agreements are not normally circulated for comment as they contain technical requirements for the development.

You may not be aware that servicing agreements are standard requirements for all rezoning and subdivision applications. Your neighborhood association has not been expected to comment on agreements for prior applications.

We recognize this is a large development raising community interest. Because of that, Council is asking staff to present and explain the agreements at a public meeting for you.

Yours truly,

**DISTRICT OF SECHELT**

  
Cameron Reid,  
Māyor
